Bill read third time and passed.  
A message from the Governor giving notice that he had approved H. F. 43, relating to probate procedure, caused some little applause.  
Mr. Rider offered a resolution appropriating \$2,000 to the Auditor or publication of marks and brands. Referred to committee on appropriations.  
At 5.30 adjourned till 9 a.m., Thursday, March 13.

## OGDEN OCCURRENCES.

We are informed that, as the Utah Central train, which arrives in Ogden at 4.25 p.m., was coming in yesterday, some parties who were pigeon shooting near the Weber River, shot at a pigeon which flew near the train, and the bullet passed in proximity to the cars; so close, in fact, that it was heard to whizz just over the top of them. We would advise these gentlemen to be more careful in the future, as such thoughtlessness might sometime result in an irreparable accident.

On the Bench, east of Taylor's mill, near Riverdale, the water from the rain and snow had formed in a large natural basin—which became so full that, a few days ago, it overflowed. The water cut its way, at first lightly, over the hill and soon came down in great torrents, washing a cut from 20 to 25 feet deep for a long distance in the hill, carrying hundreds of tons of sand and gravel on a farm, completely destroying the covered portion. The road was impassable for some time.

West of the new bridge recently built over the Weber river, near Riverdale, the water is making rapid inroads on the bank. It will become necessary to fix the bank by piling in rock and brush, or the bridge will be left where it will do no good, about the time high water sets in. The river has already been very high, but has now receded on account of the cold weather. Right now is the proper time to look after it, and the interested authorities should see that the bridge be protected.—O.D. Herald.

## WASHINGTON.

Washington, 12.—The House committee on militia agreed to report with favorable recommendation Representative Connolly's bill for repeal and uniform instruction.  
William A. Cook continued his testimony to-day before the Springfield committee. He testified that the government Star Route case was defeated by the absence of counsel. Bliss often returned to New York to attend to private business. In his claim for expenses he made charges for railroad fares from Washington to New York and from New York to Washington several times. I inquired at one time what was to be allowed Bliss, and was startled to learn he was to get \$100 a day. Afterwards, in his expense account, I found a charge for washing. It is rather remarkable that an attorney should charge in his expense account for washing his linen. Witness said the compensation of Bliss was extravagant, unjustifiable and unearned in every respect. Ample compensation for what Bliss did, considering the condition in which he found the case, would have been twenty thousand. The cases were improperly handled. The appointment of Bliss was wholly a political appointment. The witness received his testimony yesterday and said he had omitted to say before President Garfield was shot that the Attorney General had received anonymous and threatening letters. Cook was excused until to-morrow.

## The Patti Swindle.

San Francisco, 12.—The Patti ticket swindle engrosses attention. The newspapers unanimously denounce the dishonest practices in the strongest terms. It is openly stated that Mapleson's business manager, Nathaniel, prearranged the scheme with scalpers from the east. The indignation was increased at Mapleson's refusal to-day to see reporters or give any explanation of the extraordinary conduct of his manager. Scalpers are offering tickets this afternoon for \$15, with a few takers.

## PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and sluggish action of the bowels, Headache, Sickening at the stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.  
Prickly Ash Bitters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. As a Blood Purifier they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a medicine and not an intoxicating beverage.  
ASK YOUR DRUGGIST FOR PRICKLY ASH BITTERS, and take no other. PRICE, \$1.00 per Bottle.

## HOSTETTER'S STOMACH BITTERS

The Want of a Reliable Diuretic  
Which, while acting as a stimulant of the kidneys, neither irritates nor injures them, was long since supplied by Hostetter's Stomach Bitters. This fine medicine exerts the requisite degree of stimulation upon these organs, without producing irritation, and is therefore far better adapted for the purpose than unmedicated exhalants often resorted to. Dyspepsia, fever and acute, and kindred diseases are all cured by it.  
For sale by all Druggists and Dealers generally.

It has become the fashion for the bridegroom to present his ushers with scarf pins. At the recent wedding of Robert Bacon, of Boston, the ushers all received from him a fleur-de-lis in whole pearls, with stem of brilliant; and at that of Arthur Gordon Weld a square block of old gold, with a fly cut from a large sapphire on it.  
The ladies of South Carolina are up in arms because the State Legislature appropriated \$40,000 for the higher education of boys and nothing for the girls.
